St. Charles Parish Sheriff's Office Adds Pay Incentive For Military Personnel

Sheriff Champagne is proud to announce that a pay incentive will be added to the salaries of employees who currently serve in the United States Military and those present and future employees who have been honorably discharged. This new incentive aims to recognize and support the dedication and service of our veterans who serve our country. This incentive will amount to approximately \$2,000.00 per year.

Sheriff Champagne said, "It has been our experience that veterans make excellent law enforcement officers. We currently have 43 military personnel and veterans in our ranks. We would love to have more. We already provide a pay differential based on the educational level of associate, bachelor, or graduate degrees. It is fitting that we provide our deputies who are or have served our country with a similar supplement."

"Veterans or reserve personnel can expect to earn a minimum of \$51,400.00 during their first year with our agency. If they have an associate, bachelor, or graduate degree from an approved institution, it would be even higher," the Sheriff added. If you are interested in becoming an employee of the St. Charles Parish Sheriff's Office, please contact our Human Resources Division at 985-783-6237.
